ECOLOGICAL SCIENCE TECHNICAL NOTES - FOR IN SERVICE USE

TECHNICAL NOTES

U.S.D.A., NATURAL RESOURCES CONSERVATION SERVICE - St. Paul, Minnesota

January 2001

Subject: ECS-Agronomy – Publicaiton on Grazing Systems Planning

Series No.: Agronomy Technical Note No. MN-11

Effective Date: Upon Receipt

Purpose: Attached is a recently prepared publication, “Grazing Systems Planning Guide”, for use by field office personnel wh en working with livestock producers. This is a companion publication to “Pastures for Profit” which was distributed with Agronomy Technical Note #8.

The “Grazing Systems Planning Guide” is intended to be used by service providers to assist producers with the development of rotational grazing plans, along with “Pastures for Profit”. These publications are intended to be given to producers during the planning process so they may have them as references. Producers with existing Environmental Quality Incentives Program contracts that include Prescribed Grazing (528A) should be provided with a copy of each of these publications.

Copies of both publications are available for this purpose by contacting the Grazing Lands Conservationist, Howard Moechnig, at 651-215-1529 (voice mail).

Filing Instructions: File this Technical Note in the Agronomy section of the MN Technical Notes binder and replace the table of contents.
